COURSE OVERVIEW

This nationally recognised course prepares you for work or study in health care. The course provides an introduction to medical terminology, anatomy and physiology and other health related topics. You will develop an understanding of medical terminology applicable to a range of workplaces in an exciting format. This course is essential for personnel who need to know medical terminology including hospital ward clerks, secretaries, receptionists, claims officers, interpreters, court reporters, pathology, mortuary staff and insurance agencies. It is also helpful for those wishing to take up studies in a health profession.

ENTRY CRITERIA

This is an open entry program

TRAINING PROGRAM
