HLTENN007-Administer and Monitor Medicines and Intravenous Therapy

Program Code	Start Date	Program Length	Campus	Study Mode	Contact
HLTENN007	Thursday 26 March 2020 (Intake 2)	6 months plus work placement	Mayfield Education Hawthorn	2 days per week onsite	(03) 9882 7644

COURSE OVERVIEW

This unit is for current and practicing Enrolled Nurses and describes the skills and knowledge required to administer and monitor medications and intravenous (IV) therapy including calculating dosage requirements, interpreting written instructions from an authorised prescriber, assessing the person for medication effectiveness and side effects, and responding to an allergic pharmacological reaction. This unit applies to enrolled nursing work carried out in consultation and collaboration with registered nurses and under supervisory arrangements aligned to the Nursing and Midwifery Board of Australia regulatory authority legislative requirements. The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

ENTRY CRITERIA

Enrolled Nurses who received the Enrolled Nursing qualifications:

- HLT51607 Diploma of Nursing
- 21358 VIC Cert IV in Health (Nursing)
- 2407ADC Cert IV in Health (Nursing)
- 2407ADC Cert IV in Health (Nursing) with Medications Endorsement
- HLT4307 Cert IV in Nursing (Enrolled Division 2 nursing)

Those who have been registered Enrolled Nurses with AHPRA / ANMC for a minimum of three years

Those who have recently been working as an Enrolled Nurse for a minimum of three years (FTE).

Applicants must attend a pre course information session.

Successful completion of the pre course entry assessment for English LLN.

TRAINING PROGRAM

Course Elements
